

LEAP™ HEP20 WARRANTY CERTIFICATE

INTRODUCTION

LEAP Australasia Ltd warrants the HEP20 Plumbing System (pipe and fittings) for 50 years from the date of manufacture against defects in manufacturing, provided that the installation is carried out by a licensed plumber, in accordance with the latest version of our HEP20 Installation Guide and complies with all local and national plumbing regulations.

APPROVALMARK LICENSE

We also certify that the HEP20 Plumbing System is licensed by SAI Global and complies with the requirements of joint Australian and New Zealand Standard AS/NZS 2642 parts 2 & 3.

WATERMARK LICENSE

HEP20 is manufactured under Watermark License No. WM 1963 and is approved for use in all states of Australia and New Zealand subject to the installation requirements outlined in the National Plumbing and Drainage Code, AS3500 parts 1 & 4 and any local authority requirements.

HEP20 pipe and fittings are compatible for use and interchangeable with other brands of polybutylene pipe and fittings which have been manufactured and certified to AS/NZS 2642. The 50-year warranty of HEP20 pipes and fittings will not be affected when used with such certified polybutylene systems.
