

LEAP™ WATERLINK

WARRANTY CERTIFICATE

INTRODUCTION

LEAP Australasia Ltd warrants the WaterLink Plumbing Systems (pipe and fittings) for 25 years from the date of manufacture against defects in manufacturing, provided that the installation is carried out by a licensed plumber, in accordance with the latest version of our WaterLink Installation Guide available at the start of installation and the installation complies with all local and national plumbing regulations.

APPROVALMARK LICENSE

We also certify that the WaterLink Plumbing System is licensed by ApprovalMark International and complies with the requirements of joint Australian and New Zealand Standard AS/NZS 2642 parts 2 & 3.

WATERMARK LICENSE

WaterLink is manufactured under Watermark License No. WM 74665 / 74666 and is approved for use in all states of Australia and New Zealand subject to the installation requirements outlined in the National Plumbing and Drainage Code, AS3500 parts 1 & 4 and any local water authority requirements. The WaterLink Plumbing Systems meet the requirements of the New Zealand Building Code Durability Clause and the approved document G12 Water Supplies Acceptable Solutions.

Waterlink pipe and fittings are compatible for use and interchangeable with other brands of polybutylene pipe and fittings which have been manufactured and certified to AS/NZS 2642 **and dimensionally compatible**. The 25-year warranty of WaterLink pipes and fittings will not be affected when used with such certified polybutylene systems.
